Ms. Shannon Cooley  
Control Solutions, Inc.  
5903 Genoa-Red Bluff  
Pasadena, TX 77507-1041

Subject: Label Amendment – Update Label to Remove Cool Season Grasses and  
Add Use Restriction  
Product Name: Martin’s Dollarweed Killer  
EPA Registration Number: 53883-345  
Application Date: June 19, 2015  
Decision Number: 506440

Dear Ms. Cooley:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling.

You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. “To distribute or sell” is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

Page 2 of 2  
EPA Reg. No. 53883-345  
Decision No. 506440

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, please contact Eleanor Thornton by phone at 703-305-6799, or via email at Thornton.eleanor@epa.gov.

Sincerely,

A handwritten signature in cursive script that reads "Heather Garvie".

EPA Reg. No. 53883-345

EPA Est. No. XXXXX-XX-XXX

Manufactured for:  
Control Solutions, Inc., 5903 Genoa-Red Bluff, Pasadena, TX 77507  
Net Weight: 0.12 fl. oz. (2 x 0.06 fl. oz.) [2 x 1.8 mL]

## PRECAUTIONARY STATEMENTS

### HAZARDS TO HUMANS AND DOMESTIC ANIMALS

Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Avoid breathing spray mist. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet.

### ENVIRONMENTAL HAZARDS

To protect the environment, do not allow pesticide to enter or run-off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Rinsing application equipment over the treated area will help avoid run off to water bodies or drainage systems.

### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

#### Use Restrictions:

- Do not allow children or pets to contact treated areas until sprays have dried.
- Do not use on vegetable gardens.
- Do not apply where roots of desirable trees may extend into the treated zone.
- Do not over saturate the lawn. Oversaturation can cause burn-spots on the lawn.
- Do not use this product on or near desirable plants, including contact of spray on exposed root systems or adventitious shoots within the drip line of desirable trees and shrubs since injury may result.

#### WHERE TO USE

**Martin's® Dollarweed Killer** [alt. brand name] is for use only on, Bermudagrass, Centipede grass, Zoysiagrass (Meyers and Emerald) and St. Augustinegrass turf areas.

#### HOW TO APPLY

Determine the area of lawn you want to treat by measuring the width and length in feet. Multiply the width by the length to determine the area in square feet. Examples are shown in the table and diagram below.

LAWN SIZE		WIDTH		LENGTH
2,500 sq. ft.	=	50 feet	X	50 feet
5,000 sq. ft.	=	100 feet	X	50 feet

For areas less than 2,500 square feet, only one ampule (0.06 fl. oz.) [1.8 ml] is needed. For areas greater than 2,500 square feet, two ampules (0.12 fl. oz.) [3.6 ml] will be needed for proper treatment.

### Ampule Opening Instructions

Separate ampules by cutting or bending and breaking apart.

Hold ampule carefully and bend top back to open.

Squeeze entire contents of ampule into sprayer.

### **Adjustable Rate Hose-end Sprayer**

Martin's® Dollarweed Killer [alt. brand name] can be used in adjustable rate ready-to-spray hose-end sprayers that have at least a 16 ounce capacity. For proper coverage, apply enough product through the sprayer to wet the top of the lawn. Do not over-saturate, or attempt to water the roots of the weeds. Simply wet the top of the lawn, and let Martin's® Dollarweed Killer [alt. brand name] do the work.

When connecting any chemical dispensing device to your home water supply make sure that the sprayer has a built in back flow preventer or make sure there is a back flow preventer on your faucet.

### **Mixing Instructions**

1. Make sure water faucet to garden hose is off.
2. Attach hose-end sprayer to garden hose.
3. Adjust the metering dial to 1-1/2 ounces per gallon.
4. Remove bottle from hose-end nozzle apparatus.
5. Squeeze the entire contents of one ampule (1.8mL) of Martin's® Dollarweed Killer [alt. brand name] into the bottle and then add 16 ounces of water.
6. Reattach bottle to hose-end sprayer nozzle apparatus.
7. Ensure the hose-end sprayer nozzle apparatus is in the "OFF" position, or if trigger activated: make sure the trigger is not pressed.
8. Shake well before spraying to ensure that the contents are well mixed.

### **Spraying Instructions**

1. Measure off 2,500 square feet of lawn. Example: 25' x 100' or 50' x 50', approximately half the size of a basketball court.
2. Turn on water faucet to garden hose.
3. Aim hose-end sprayer at lawn and spray entire 2,500 square feet of lawn.
4. When applying, simply wet the top of the turf, and let Martin's® Dollarweed Killer [alt. brand name] do the work.
5. It should take less than 5 minutes to treat all 2,500 square feet and use up all 16 ounces of mixture in the bottle.
6. Repeat mixing and spraying instructions to treat an additional 2,500 square feet of lawn with second ampule of Martin's® Dollarweed Killer [alt. brand name].

### **Hose-End Sprayer Cleaning**

1. Fill the jar to full capacity with clean water.
2. Spray previously treated area until bottle is empty. Do not rinse bottle and pour onto ground.

Only use sprayers dedicated to herbicide use.

### Handheld Pump-Up Pressure Sprayer

If you prefer you may use a handheld pump-up pressure sprayer with a capacity of 1 to 3 gallons.

#### Mixing Instructions:

1. Remove the top of pump-up sprayer to allow filling.
2. Squeeze the entire contents of one ampule (1.8 mL) of Martin's® Dollarweed Killer [alt. brand name] into the sprayer container.
3. Fill the sprayer with water to capacity.
4. Reattach the top of the pump-up sprayer to contain the contents.
5. Shake well before spraying.

#### Spraying Instructions

1. Measure off 2,500 square feet of lawn. Example: 25' x 100' or 50' x 50', approximately half the size of a basketball court.
2. Pump up spray to manufacturer recommended pressure.
3. Aim pump-up sprayer at lawn and spray entire 2,500 square feet of lawn.
4. When applying, simply wet the top of the turf, and let Martin's® Dollarweed Killer [alt. brand name] do the work.
5. Repeat mixing and spraying instructions to treat an additional 2,500 square feet of lawn with second ampule of Martin's® Dollarweed Killer [alt. brand name].

#### Pump-Up Sprayer Cleaning

1. Add one half gallon of water to sprayer.
2. Pump up sprayer and spray previously treated area until tank is empty. Do not rinse bottle and pour onto ground.

Only use sprayers dedicated to herbicide use.

**Martin's® Dollarweed Killer [alt. brand name] controls the following perennial and annual weedy grasses:**

Bahiagrass

Foxtail

Ryegrass

**Martin's® Dollarweed Killer [alt. brand name] controls the following broadleaf (dicot) weeds:**

Annual Sowthistle  
Aster  
Bittercress  
Blue Mustard

Cow Cackle	Plantain	Wild Onion
	Prickly Lettuce	Wood Sorrel (oxalis)
	Prostrate Knotweed	

#### **STORAGE AND DISPOSAL**

Do not contaminate water, food, or feed by storage or disposal.

**PESTICIDE STORAGE:** Store product in original container only. Store in cool, dry place.

**PESTICIDE DISPOSAL:** Wastes resulting from the use of this product must be disposed of on site or at an approved waste facility.

**CONTAINER HANDLING:** Nonrefillable container. Do not reuse or refill this container. Completely empty ampule into application equipment. If recycling option is not available, discard in the trash or call your local solid waste agency or [insert toll free number or web site] for disposal instructions.

#### **LIMITATION OF WARRANTY AND LIABILITY**

Read the entire direction for use, conditions of warranties and limitations of liability before using this product. If terms are not acceptable, return the unopened product container at once. By using this product, user or buyer accepts the following **CONDITIONS, DISCLAIMER OF WARRANTIES, and LIMITATIONS OF LIABILITY.**

**CONDITIONS:** The directions for use of this product are believed to be adequate and must be followed carefully. However, it is impossible to eliminate all risk associated with the use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of use or application, all of which are beyond the control of Control Solutions, Inc. All such risks shall be assumed by the user or buyer.

**DISCLAIMER OF WARRANTIES:** To the extent consistent with applicable law, Control Solutions, Inc. makes no other warranties, express or implied, of merchantability or of fitness for a particular purpose or otherwise, that extend beyond the statements made on this label. No agent of Control Solutions, Inc. is authorized to make any warranties beyond those contained herein or to modify the warranties contained herein. To the extent consistent with applicable law, Control Solutions, Inc. disclaims any liability whatsoever for special, incidental or consequential damages resulting from the use or handling of this product.

**LIMITATIONS OF LIABILITY:** To the extent consistent with applicable law, the exclusive remedy of the user or buyer for any and all losses, injuries or damages resulting from the use or handling of this product, whether in contract, warranty, tort, negligence, strict liability or otherwise, shall not exceed the purchase price paid or at Control Solutions, Inc election, the replacement of product.

**[OPTIONAL MARKETING STATEMENTS]**
